

Wash & Wax 213 is a unique formulation designed to simultaneously clean fine automotive finishes while providing a lustrous "wet look" water-beading shine. Its combination of surfactants completely removes road film, dirt, oil, insects, and grimy soils safely from all paint finishes. Wash & Wax 213 is highly effective yet mild enough for the finest paint finishes. This product is recommended for hand washing cars, trucks, and vans and as a one-step cleaner and wax application in automatic car washes. It is formulated with controlled foaming to ensure easy and complete rinsing.

Wash & Wax 213 is a labor-saving combination for automotive use that will clean cars and apply wax for shine in one easy operation.

## Physical Properties

Appearance:	Green Clear Liquid
pH (undiluted):	8.5 - 10.5
Weight:	8.35 lb/gal
Specific Gravity:	1.002 g/cc

## Directions

For hand washing, use 4 oz. per gallon of water. Wash & Wax 213 delivers excellent water beading properties when followed by a water rinse and imparts a lasting shine. It becomes a high-foaming surfactant when injected in an air foaming unit at 0.5% - 2.0% concentration. A final rinse step is required.

## Caution

Keep out of reach of children. Do not take internally. Contact of concentrated product with eyes may cause irritation.

## First Aid

### Eyes:

Wash thoroughly and repeatedly with water. If redness persists get medical attention.

### Ingestion:

If swallowed do not induce vomiting. Give two glasses of water. See a physician.

## Non Warranty
